

## **Proficio Limited Environmental Policy**

Proficio Limited believes that businesses are responsible for achieving good environmental practice and operating in a sustainable manner.

We are therefore committed to reducing our environmental impact and continually improving our environmental performance as an integral and fundamental part of our business strategy and operating methods.

It is the policy of the directors and employees of Proficio Limited to be committed and responsible for the environmental performance of the company, and encourage our customers, suppliers, and all business associates to do the same and in particular with regard to the following:

- To ensure compliance, at minimum, with regulatory and legislative requirements
- To ensure that raw materials e.g. water, energy and gas are used efficiently as possible and to aim for a reduction in energy usage and costs year on year
- To continue with waste minimisation by recycling in areas such as, packaging container usage and liquid effluents. This will include both on our production site and at our customers sites
- Provide segregation of wastes in order that only a minimum level of waste requires to be disposed in accordance with Section 14 of the Environmental Protection Act 1990

- To ensure that the company uses only environmental responsible suppliers, in particular for chemical supplies and packaging
- To ensure that all new and existing products are designed or altered to minimise their impact on the environment
- Address complaints about any breach of our Environmental Policy promptly and to the satisfaction of all concerned.
- To ensure that company personnel understand the environmental goals and policy and are appropriately trained to implement environmental management effectively
